To Whom It May Concern:

As an integral part of Battle River Power Coop's commitment to community and the cooperative principles that guide us, we are proud to continue our tradition of supporting the education of youth within our membership. In honor of the fifth Cooperative Principle, education, we offer annual scholarships. This opportunity provides five scholarships of \$1,500 each to dependents of members in good standing. These scholarships are available to students who will be entering their first year of post-secondary study in either a diploma or degree-granting program. Eligible students must be high school graduates of the previous or current school year, and applications must be submitted before the second Friday of February each year.

Members' dependents who meet the qualifications are invited to download and complete the Scholarship Application from our website and send it to Box 1420, Camrose, AB, T4V 1X3, or email it to [brpc@brpower.coop](mailto:brpc@brpower.coop).

To apply for this scholarship, students must meet the following requirements:

- Provide a transcript of marks for grades 10, 11, and 12.
- Provide a letter of reference from the school principal, teacher, or guidance counselor, which can be enclosed with the application or sent separately.
- Enclose a letter written by the applicant detailing their need for financial assistance, their reasons for choosing the program of studies, and a description of their community involvement.

We kindly ask you to share this information with eligible students and encourage them to take advantage of this opportunity. The Board of Directors has the challenging task of selecting five recipients from among the applicants, and we assure all candidates that their completed applications will be carefully considered.

Annually, we support young individuals post secondary aspirations developed by your school that provide the youth of our membership with opportunities to succeed.

Sincerely,
